

# Your home. Your rights. Have your say!

We're a group of residents who have come together to make our homes and neighbourhood better. As a residents' association we can raise issues with our landlord and get things done, such as

- Quicker responses on repairs, cleaning, and safety
- Build community connections and pride
- Access small grants for local projects
- Have a say in plans for our homes and neighbourhood

Everyone is welcome, and even attending a single meeting helps strengthen our collective voice.
